BIG FIRE AT
NEWCASTLE

**Flames Discovered by Young Night
Operator, Who Was Awakened by
Smell of Smoke.**

Newcastle, Ky., Jan. 26.—Fire which broke out about 3 o'clock Thursday morning in the pool-room of Batts & Elston destroyed that place and badly damaged the grocery of J. S. Blackberry, J. H. Valentine's hardware store, H. K. Bourne's residence and the Home telephone exchange.

The flames were discovered by Miss Bessie Halley, the night operator of the exchange. She was awakened from a nap by the smell of smoke, and going to the room in the rear of the exchange found that portion of the building in a blaze. She hurriedly gave the alarm and then ran to her hotel barefooted and clad in her night gown, fainting as she reached her room.

The fire department responded promptly and did efficient work, preventing a large loss. The Home exchange was crippled for about three hours.

MOLLY BAWN FRIDAY NIGHT.

On Friday night at the Winchester Opera House, the Harvey Stock Company presents their feature play of the week, "Molly Bawn," a dramatization of the celebrated novel of the same name. The play abounds with clean Irish wit and is full of pretty dramatic climaxes.

Miss Carmine Carpenter, the popular little leading lady, will be seen in the title role and Maurice Waldon will be seen in the opposite role of "Ted Luttrell." Special scenery will be used and new specialties will be introduced between acts.

This is the best play of the week. Seats should be secured early. There is to be no advance in prices.

A matinee will be given Saturday at 2:30, "Down East Folks."

COUNTY UNIT
BILL PASSES

**Interest in Struggle Was Intense.—
Result Is Victory For Bill By Vote
of 24 to 14.**

Frankfort, Ky., Jan. 26.—History was made in the General Assembly Thursday. The Senate passed the County Unit bill and the House the Woman's Suffrage bill. The two bills divided the attention of the great crowds here Thursday.

The interest in the County Unit bill, struggle was more intense Thursday than it has been at any time in the history of the state. The galleries of the Senate were packed and jammed and the confusion of the visitors moving in and out of the doors and around the galleries made it difficult to hear. Each Senator given two tickets by vote of the Senate to provide places in the gallery for their families or friends.

The occasion of calling up the County Unit bill proved to be a society event, as the women, wives and daughters of the assemblymen and the visitors in the balcony, were more beautifully gowned than usual and the handsomest jewelry and "fine feathers" were in evidence.

The following is the vote of the Senators on the measure:

Yeas—B. M. Arnett, Bale, Beard, Bertman, Biggestaff, Brock, Catlett, Durham, Eaton, Frost, Glenn, Graham, Hubble, Marshall, Moody, Newcomb, Prichard, Salmon, Sanders, Scott, Thomas, Tichenor, Tunis, Welch.—24.

Nays—L. W. Arnett, Bogby, Berkshire, Bosworth, Brown, Chipman, Coburn, Dowling, Helm, Hogg, Holman, Huffaker, Mathers, Ryan.—Total 14.

The vote on the Huffaker substitute which would have repealed the County Unit Law, follows:

Yeas—L. W. Arnett, Bogby, Berkshire, Bosworth, Brown, Catlett, Chipman, Coburn, Dowling, Helm, Hogg, Holman, Huffaker, Mathers, Ryan, Welch.—Total 16.

Nays—B. M. Arnett, Bale, Beard, Bertman, Biggestaff, Brock, Durham, Eaton, Frost, Glenn, Graham, Hubble, Marshall, Moody, Newcomb, Prichard, Salmon, Sanders, Scott, Thomas, Tichenor, Tunis.—Total 22.

CHANGE NEEDED
IN PAROLE LAW

**Present Statute Declared to Be
Ambiguous in Prison Commission's Biennial Report.**

Frankfort, Ky., Jan. 26.—Amendment to the parole law so as to define, beyond any question of ambiguity, who shall be entitled to paroles, is recommended by the Prison Commission in its biennial report to the Governor, sent to Governor McCreary Wednesday. The commission says that if the law is construed to mean that any convict who has served the minimum time for which he was sentenced and obeyed all prison rules is entitled to a parole on this ground only then amendment to the law is necessary. The board contends that good conduct in the prison should be only of the tests to determine whether or not a prisoner is entitled to his parole.

The report of the commission shows that the Frankfort penitentiary earned, clear of all expenses and expenditures for improvements \$30,026.21, which is the best showing that has ever been made by the prison. At the Eddyville penitentiary there was a deficit, as usual of \$28,316.33. The Commission

recommends that new cell-houses be built at the Frankfort penitentiary for the men and women, respectively.

The board explains why the reformatory, provided for in an act of the last Legislature, has not been established, showing that the present contracts for the labor of the convicts interfere with the transfer of the convicts. The board also recommends the purchase of additional ground adjoining the penitentiary and the purchase of 200 acres of land to be used as a farm for the prison in Frankfort. A building in which the criminal insane can be confined also is recommended.

SCHOOL SUFFRAGE
BILL PASSES HOUSE

**Vote of 62 to 25 is Given to Measure Providing For Suffrage For
Women in School Elections.**

Frankfort, Ky., Jan. 26.—The bill granting to women the right to vote and to be voted for in school elections passed the House Thursday by a vote of 62 to 25. When the bill came up for passage in the House it met some opposition and many amendments were offered, but all were voted down.

Mr. Meyers, of Covington, attacked the bill in a humorous way, declaring that "the bridge whist players and women without children were suffrage proposition." He said their purpose was not alone school suffrage, that they want to secure universal suffrage and vote in "wet" and "dry" elections.

Mr. Meyers was interrupted by the appearance of the Senate at the door of the House for a joint session to elect a State Librarian. Every member of the Senate and ninety-two members of the House, attended the joint session.

The name of Frank Kavanaugh, Democratic nominee, was presented by Senator Eaton. The nomination was seconded by Representative McClure, the Republican minority leader, and Mr. Kavanaugh was elected.

ELEVENTH DISTRICT
FOR COL. ROOSEVELT

**Former Congressman Don C. Edwards Is One of The Most Ardent
Supporters of Ex-President.**

London, Ky., Jan. 26.—During the past few days the admirers of former President Roosevelt in this county have been active in expressing their allegiance to him, and no longer conceal the fact that they are unwilling to wait until the Republican National Convention assembles next summer to see definite action toward making him the standard bearer of the Republican party in the Presidential campaign next fall. This sentiment is voiced by at least 90 per cent of the Republicans of Laurel county.

Former Congressman Don C. Edwards, of this city, an old time friend of the ex-President, is among his most ardent supporters. Mr. Edwards authorized the statement Thursday that he believes the time has come for a universal movement on the part of the people of the entire country, in all walks and professions to give expression to their unqualified and enthusiastic preference for Colonel Roosevelt for Chief Executive of the Nation for another term.

BEATEN INTO
INSENSIBILITY

**And Thrown Into Cinder Pit, After
Being Robbed, is Terrible Experience of Jackson Man.**

Lexington, Ky., Jan. 26.—Robbed, beaten into helplessness, stabbed in the back and abdomen and thrown into a cinder pit onto burning coals was the terrible experience of Will Flower, a negro of Jackson, who was attacked by highwaymen in that town Wednesday night.

The unfortunate man was found by railroad men at daylight Thursday morning lying in a semi-conscious condition in the cinder pit literally frying to death on the burning coals and was sent to Lexington on the L. & E. train, that reached Lexington at 8:50 o'clock, Thursday morning, being taken immediately to the Good Samaritan Hospital, where he was later said to be in a critical condition.

Nothing is known of Flower's relatives and he was so badly injured that he was scarcely able to tell anything about himself or how the crime was committed.

When the trainmen rescued him a small purse was immediately made up to get what aid he could be given before reaching the hospital, a ticket to Lexington was given him and he was placed in the baggage car on a cot and taken to Lexington.

Supt. L. W. Mahn, of the Associated Charities, was appealed to for assistance when the man was taken off the train at the Union Station and Flower was sent to the hospital.

SIXTY PROMISES
OF MARRIAGE

**Miss Marie Olsen Claims Daniel W.
Wiser Made Her, And Asks \$50,000
Heart Balm.**

Chicago, Ill., Jan. 26.—The diary of Miss Marie Olsen is to figure conspicuously in a breach of promise suit filed by her attorney Wednesday against Daniel W. Wiser.

Miss Olsen has sixty promises of marriage which she alleges were made by Wiser entered in the diary. She asked \$50,000 for failure to keep his promise.

She first accepted him four years ago and then kept careful count of subsequent promises of marriage he made her, she says, Wiser is said to own valuable Wisconsin lands.

PASTOR IS TO
OPEN GROCERY

**Campaign Against High Cost of
Living to be Made.—If Successful
Other Ventures Will Be Made.**

New York, Jan. 26.—The Rev. Madison C. Peters, pastor of the big Pilgrim Congregational church on Madison avenue, will next Saturday open a grocery store as a part of the church's work among the poor. It is the beginning of a campaign against the high cost of living. Other stores are to be opened later if this one proves successful.

Less than a week ago Dr. Peters broached his plan at a meeting of one of his church organizations. "I like," he said, "to start a store where the people could come and buy as they would if the farmers' wagons were lined up for them in a market—where they could escape

the cheating grocer and the rapacious middle man."

There was an immediate response to his suggestion and a few days later he was ready to announce the opening of his first depot.

Out of the pastor's own pocket will come the initial cost of laying in a stock of potatoes, apples, canned goods, eggs and a restricted line of vegetables. For the present the store will be open only from 10 to 12 noon on Wednesdays and Saturdays. The selling staff include several volunteers and two or three paid assistants.

AS COLLECTOR OF
INTERNAL REVENUE

**For Covington District, Maurice
Galvin is to Continue.—Resignation
is Withdrawn.**

Washington, Jan. 26.—Maurice Galvin will continue as Collector of Internal Revenue for the Covington district. His resignation, which was tendered some time ago, was withdrawn Wednesday night and the red-hot contest over the office turns out to be a flash in the pan.

Mr. Galvin and Senator Bradley had a protracted conference with the President Wednesday night, after which it was announced that the Collector will continue in office and the formality of a reappointment is not necessary. It goes without saying that Mr. Galvin is for Taft and will help to secure a Taft delegation from Kentucky.

MURDERER FOUND
AFTER TWO YEARS

**It is Now Believed Man Who Fired
Fatal Shot is Detainer on Charge
of Loitering.**

Cincinnati, Jan. 26.—The assassin of a telegraph operator at the telegraph at King's Mountain, Ky., on the Q. & C. railroad, two years ago, bid fair to be identified and charged with the crime after escaping arrest for two years.

It is believed that the man who fired the fatal shot is detained in Cincinnati on a charge of loitering. The telegraph operator was shot while at his work and instantly killed, the fatal shot having been fired through a window. The dead man was robbed of his gold watch.

A year later the watch was sold to a man in Danville, Ky., by a negro who gave the name of John Henry.

A few days ago a negro giving the name of John Henry was arrested in Cincinnati for loitering. It is said he answers the description of the murderer. His picture was sent to Danville and was identified by the purchaser of the watch as being that of the man who sold it to him. The man will come to Cincinnati.

WOMAN CONDUCTS

**Mrs. Josephine K. Henry Pays
Beautiful Tribute to Her Deceased Aunt, Mrs. Fuller.**

Versailles, Ky., Jan. 26.—For the first time in the history of this section of the state a funeral service was conducted by a woman. The services were conducted by Mrs. Josephine K. Henry over the body of her aunt, Mrs. W. F. Fuller, who was was burned to death Tuesday morning. No music was rendered at the services as the usual custom, but a beautiful tribute was paid by Mrs. Henry to her deceased aunt. The body was laid to rest in the Spring Hill cemetery in Cincinnati, Thursday.

WILD THREATS
MADE BY LEADER

**Unless Mill Owners Meet Terms of
Strikers, He Declares They Will
Cripple The Entire City.**

Lawrence, Mass., Jan. 26.—Wm. D. Haywood, former president of the Western Federation of Miners, who has assumed leadership of the striking textile workers here, Thursday fired down the gauntlet to the Lawrence mill owners.

"Unless the mill owners meet the terms of the strikers we will cripple the entire city," he declared. "The time for arbitration is passed. The mill owners must concede all the demands of the strikers or else we shall paralyze all business in Lawrence. The railroads will be tied up so that no freight can be brought into the city. We will also prevent any coal from reaching Lawrence and the entire city will be plunged into darkness."

The executive committee of the strikers went into session Thursday to outline a plan of action now that the State Board of Arbitration has failed to bring about a settlement of the strike. Haywood issued another appeal for funds to relieve destitute strikers, and he prepared to lead a monster parade of textile workers Thursday afternoon. More soup kitchens were opened Thursday.

WAINSCOTT PUBLIC SPIRITED.

Among the public spirited men of
the state we note Mr. G. L. Wain-
scott, a manufacturer of Winches-
ter, who offers to conduct a County
Fair this summer for the benefit
of the proposed new hospital for
the city, if the physicians of the
city will contribute \$500. Those
doctors ought to come forward with
the required amount and encourage
their worthy townsman in his laud-
able undertaking. Men of his ambi-
tion are not found every day.—
Maysville Independent.

Mr. Waincott's proposition was
even more liberal and public spirited
than the Independent says. His
offer is to the effect that if the
physicians will guarantee \$500, he
will assume the entire management
of the fair. If the venture should
be a success, the doctors are to put
up nothing. Indeed, Mr. Waincott
goes even further. He is willing to
stand personally liable for \$250 of
the proposed guarantee. If the phy-
sicians will pledge the other \$250.
Thus, if the fair is a success, the
profits will go towards a hospital
for Winchester, and the promoters
will lose nothing. On the other
hand, should the venture prove un-
successful, the physicians of the
city will make good their pledge of
\$250 and Mr. Waincott his guaran-
tee of a like sum.

Drs. E. R. Cole and D. H. McKin-
ley have charge of the work of se-
curing subscriptions, and already
almost half of the required amount
has been pledged. Prospects are
very bright for the success of the ef-
fort, and then it is up to the citi-
zens of Winchester to see that the
enterprise itself is not a failure.

MOTHER HAS
DISAPPEARED

Judge Declares Woman is in Con-
tempt of Court For Not Produc-
ing Witness in Court.

Chicago, Ill., Jan. 26.—Detectives
began a nation-wide search for
Mrs. Elizabeth Lindsay, "Valdahl"
of the Sun Cult and mother of "Bil-
ly" Lindsay, the Philadelphia boy
heir, to arrest her on attachment
writs issued by Judge Pickney, of
the Juvenile Court. The Judge de-
clared she is in contempt of court
for not producing the boy.

If she is apprehended outside the
state, extradition papers will be ob-
tained from Gov. Deneen to bring
her to Chicago.

Attorney Robertson accused At-
torney Wm. E. Ewen, for the Lind-
say family, of having given the case
undue publicity and furnishing the
newspapers with "romances." At-
torney McEwen moved that the
court declare Mrs. Lindsay in con-
tempt, and find that the mother and
Ottoman Zar Adhurst Hanish, head
of the cult, were unfit guardians for
little "Billy." Mrs. Lindsay is be-
lieved to be near Philadelphia.

EARLY SUMMER
TROTTING MEETING

Prospects Bright, But No Definite
Action Has Been Taken.—Train-
ers Interested.

Lexington, Ky., Jan. 26.—Pros-
pects are favorable for Lexington
to have an early summer trotting
meeting. Officers and directors of
the Kentucky Trotting Horse Breed-
ers' Association, which recently be-
came a member of the Grand Circuit
are considering advisability of in-
augurating such an innovation.

Many horses that winter in the
South could be induced by offer of
liberal purses to stop over here on
their way to the Grand Circuit
events, and a three, four or five
days' meet would be welcomed by
owners and trainers and would
prove profitable to them as well as
to the association. June is most
favored.

Secretary Williams, of the asso-
ciation, admitted Thursday that
the matter had been tentatively dis-
cussed, but that no definite action
had been taken as yet and that
nothing is likely to be done with the
proposition until President and
General Manager Ed A. Tipton re-
turns from New York.

GUINEA PIG
SURVIVES FIRE

Tiny Frightened Animal Gives
Sneak of Delight When Rescued
By Party.

New York, Jan. 26.—The squeal
of a guinea pig caused millions in
treasure to be forgotten Thursday
morning for a moment at least,
when hundreds of men and women,
standing in line to get at their de-
posit boxes in the Equitable Build-
ing ruins, ceased wondering about
the condition of their stocks and
bonds in their amazement to learn
that the pig had not only survived
the big fire of January 9, but was
alive and kicking after 16 days in
the ice-clad wreckage without food
or water.

The pig had been taken to the
Equitable Building a day or so be-
fore the fire for vivisection experi-
ments by the Equitable Life Assur-
ance Society's doctors, and it was
in the medical offices on the morning
that the building was destroyed. Al-
though badly damaged by the blaze,
that particular section of the floor
did not fall, and Dr. Wolf went there
to see if anything was left in the
way of records.

The animal will not be used now
for vivisection purposes, but is be-
ing given care and food.

ASKS STATE AID TO
DRIVE OUT SNAKES

Kansas Has Killed 200 Reptiles
and Sees No Hope of
Victory.

HIS FAMILY IS ROUTED

State Board of Health Instructs Chem-
ists to Devise Something That
Will Rid Farmer's Home of Pests—
House Infested With Blacksnakes.

Topeka, Kan.—Chemists have
worked out medicines which will drive
rats and mice and insects out of a
house, but none ever developed a
scheme that will drive snakes out.
The Kansas board of health has asked
the chemists of the State university
and Agricultural college to see if they
can find something which will drive
blacksnakes out of the home of Theo-
dore Herman at Beloit.

Herman has appealed to the board
for something which will let him live
in the house. He was driven out of
his home two weeks ago by black
snakes and has not been able to ex-
terminate them yet, although he has
killed more than 200. The snakes are
apparently as thick as ever.

Herman is a prosperous farmer and
lives two miles from Beloit in a stone
house, built many years ago. One af-
ternoon Mrs. Herman put her baby in
the go-cart preparing for a walk. The
baby had broken its bottle that morn-
ing and Herman was going to bring a
new one home that evening. A bowl of
milk was placed in the bottom of the

Snakes in Her Hat Box.

go-cart and the baby ate through a
long rubber tube.

Mrs. Herman left the baby in the
hall while she went to the living room
to get her purse and hat. She heard
the baby laughing and thought some
of the neighbors had dropped in for a
visit. She walked into the hall and
found two big blacksnakes eating the
milk in the baby's bowl.

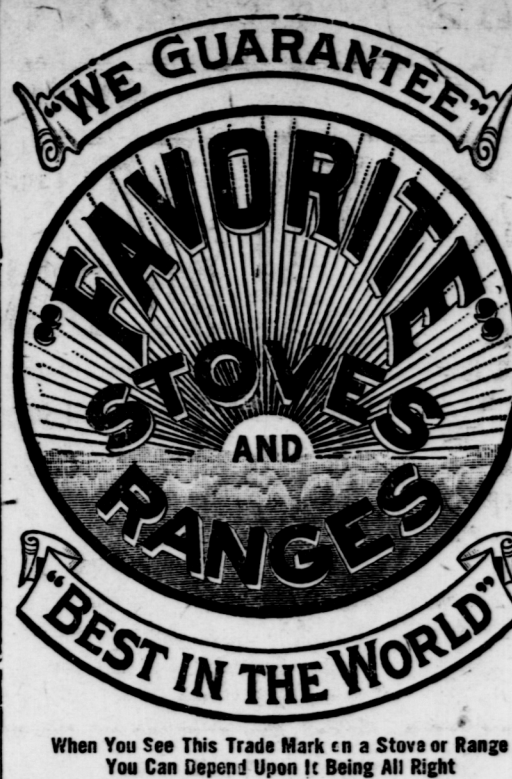

Mrs. Herman ran to the baby and
carried it in her arms while she went
back to get her hat. She found two
more snakes in her hat box and an-
other crawling up the leg of the dress-
ing table. Mrs. Herman was afraid to
leave by the front door where she had
seen the two snakes eating her baby's
milk so she started out the kitchen
door and found three snakes hanging
from the sill. Mrs. Herman escaped
through a window and went to her
mother's home.

When Mr. Herman came by his wife
stopped him and told of the snakes.
He went home, accompanied by his
wife's brother, to exterminate the
snakes. Herman picked up what he
thought was a stick and the first thing
he knew he had a snake coiled around
his arm and hissing in his face. They
killed 20 snakes that night and have
killed from six to thirty every day
since, but each day they find the
snakes as plentiful as before.

No one knows where the snakes
came from or how they happened to
appear in such numbers and in this
house. Killing them does not erad-
icate them, so the state's chemists are
trying to find something that will
drive them out. Fumigating the house
with strong formaldehyde candles and
with sulphur failed to keep the snakes
out more than an hour. The Hermans
are living at the home of Mrs. Her-
man's parents.

Negro Drayman Turns White.
Florence, Ind.—William Arnold,
aged sixty, a negro drayman, is gradu-
ally turning white. Following an ill-
ness which was believed to be tuber-
culosis, white spots appeared on his
hands. The skin became tender and
the white spots grew larger. At the
same time Arnold improved in health
until he is now in excellent physical
condition. His body is covered with
large white spots.

Lightning Spoils Girl's Joke.
Atchison, Kan.—"I am going to
stand here and let the lightning strike
me," Flossie Eastman said jokingly
while she stood on the back porch of
her home near Farnell. A second later
lightning struck the lawn 20 feet from
where she was standing, rendering her
unconscious some time and leaving
her in a dazed condition the rest of
the afternoon.

PURE MILK

The state pure food authorities at
the Kentucky Agricultural Experi-
ment Station reported Tuesday to
County Attorney Scott Bullitt, of
Louisville, sixty-five cases for sell-
ing watered or skimmed milk against
dairymen supplying Louisville and
certain restaurants. These cases re-
sulted from the extensive inspections
that have recently been made
throughout the whole of the Louis-
ville milk field and other parts of
Kentucky.

The samples were collected from
the milk depots, the dairymen, the
restaurants, the hotels and other
places where milk is served, and
when a sample was found to be wa-
tered or skimmed, further investiga-
tion was made to determine who was
responsible. About 700 samples were
analyzed in Louisville and 65 cases re-
ported for prosecution. In most
instances the milk was taken from
from the dairymen's herds to deter-
mine how much water had been ad-
ded to the milk as supplied by the
dairymen's cows.

BALD HEADS NOT WANTED

Baldness is Too Generally Consid-
ered a Sign of Advanced Age.

A bald-headed person does not
have an equal chance with one
blessed with a healthy head of hair,
because baldness is too generally
accepted as an indication of age.
Many large corporations have es-
tablished an age limit, and refuse
to take men over 35 years of age as
new employees.

Probably 65 per cent of bald-
headed people may regain a good
head of healthy hair if they will
follow our advice and accept our
offer. We have a remedy that we
positively guarantee to grow hair
on any head, unless the roots of the
hair are entirely dead, their follicles
closed, and the scalp has become
glazed and shiny. We want people
to try this remedy at our risk, with
the distinct understanding that un-
less it does exactly what we claim
it will, and gives satisfaction in ev-
ery respect, we shall make no charge
for the remedy used during the trial.

We know exactly what we are
talking about, and with this offer
back of our statements, no one
should scoff, doubt our word, hesi-
tate to put our remedy to an actual
test.

We want every one in Winchester
who is suffering from any scalp or
hair trouble, dandruff, falling hair,
or baldness to try our Rexall "93"
Hair Tonic. We want them to use
it regularly—say until three bot-
tles have been used—and if it does not
eradicate dandruff, cleanse and re-
fresh the scalp, tighten the hair in
its roots, and grow new hair, we will
return every cent paid us for the
remedy for the mere asking. There
is no formality expected, and we ex-
act no obligation from the user
whatever.

We are established right here in
Winchester, and make this offer with
a full understanding that our busi-
ness success entirely depends upon
the sort of treatment we accord our
customers, and we could substantiate
it in every particular. Remem-
ber, you can obtain Rexall Remedies
in this community only at our store

MADISONVILLE VOTES

AGAINST SALOONS

Parades of Hundreds of Small Children, Carrying Flags and Banners Are Feature of Day.

Madisonville, Ky., Jan. 26.—After one of the hardest fought campaigns in the history of the city, Madisonville voted against the return of the open saloon, which was banished two years ago, by a majority of 124 votes, and when the result was announced the hundreds of men, women and children congregated in front of the Courthouse awaiting announcement of the result, went wild and for a few moments the rejoicing of the visitors was great.

Parades of hundreds of small children, carrying flags and banners with various inscriptions, were started at 6 o'clock and this was also continued at intervals during the day. These children were led by the ladies, singing songs and with pleas for the citizens to vote dry.

FAMOUS PEOPLE

BY FANNIE M. LOTHROP

LADY HENRY SOMERSET

A Leader in British Philanthropic Work

Lady Henry Somerset, president of the British Temperance Women's Association, and a leader in all philanthropic and social reform work, is a mighty influence for good, and has consecrated herself and her fortune to the service of humanity. She was born in England, the daughter of Earl Somerset, for thirty years a member of the House of Lords and a man of noble character, who cared little for society, but spent his time in travel and scientific research. Buckle, Carlyle and Mazzini were his closest friends. He fell in love with the lady who became his wife through a portrait by Watts exhibited in London. It appealed to him as no living or pictured woman ever had; he sought the original, and after a romantic courtship, married her.

Lady Isabel, later Lady Somerset, was born in 1851, and even in the days of her girlhood found in social questions a theme of deep interest and was greatly influenced by the works of John Stuart Mill. After her presentation at Court she was caught in the social whirl and for years was a lady of fashion and pleasure, from which the present earnest, self-denying and enthusiastic worker for humanity was evolved in the days of sorrow, suffering and unhappiness through which she was soon to pass.

When she was twenty-one she was married to Lord Henry Somerset, second son of the Duke of Beaufort. The serious side of an unfortunate married life turned her mind to higher things; she helped those who needed it and was an angel of mercy and inspiration. She was interested in biblical criticism, and in the maze of disputes and sophistries of many writers. One day while walking and thinking in her garden, she even doubted the existence of God. Then it seemed to her as if she heard an actual voice speaking to her very soul: "Act as if I were, and thou shalt know that I am."

Vividly impressed she went to her room, read her Bible, and in the morning told her friends she was going to retire from the world for a time. Taking her boy she went to Eastnor Castle, a beautiful place in the Malvern Hills, and fought out her battle with the Bible, realized her destiny, and emerged from the maze of disputes and sophistries of many writers. One day while walking and thinking in her garden, she even doubted the existence of God. Then it seemed to her as if she heard an actual voice speaking to her very soul: "Act as if I were, and thou shalt know that I am."

GEORGETOWN GOES OVERWHELMINGLY WET

**Women, Who Paraded the Streets
And Worked at Polls Last Elec-
tion, Were Eloquently Absent.**

Georgetown, Ky., Jan. 26.—Georgetown went "wet" Thursday by the overwhelming majority of 551 to 38, the "dry" practically allowing the election to go by default. As a result this year's registration was much smaller than that of four years ago, when the city was in a flourishing condition. No money was used Thursday, and many floaters refused to vote.

The plea was set up by some of the leaders that the County Unit Bill would pass anyhow, and it was unnecessary to vote at the city election. Moreover, the "drys" have been declaring that they will test the legality of the call for the election.

No demonstration of any kind occurred, the voting passing off quietly. The women, who paraded the streets with their children and worked about the polls at the last election, were eloquently absent this time.

EASILY BREAKS A SEVERE COLD

**In Just a Few Hours All Misery
From a Bad Cold Or The Grippe
Will Be Overcome**

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a positive fact that a dose of Pape's Cold Compound taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects, as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply.

DARING AVIATORS

Los Angeles, Cal., Jan. 25.—A wind that blew in fitful gusts kept all except the more expert aviators on the ground Wednesday at Dominguez Field. The amateurs had been warned not to fly by the representatives of the Aero Club of America. Despite this warning, however, Farnum T. Fish, a seventeen-year-old Los Angeles aviator, made several flights. Lincoln Beachey climbed to an altitude of 5,000 feet and stopped his motor, volplaning to the ground in long, graceful spirals. Phil Harmaline ascended more than 6,000 feet. Beachey showed best in the speed trials.

It was intended to have four or five experienced aviators make an attack Wednesday night on the torpedo destroyers in San Pedro harbor to demonstrate the usefulness of the aeroplane in warfare, but because of a fog it was postponed.

WINCHESTER IDEA—HUSTLE.

THE CAT SPEAKS.

In fall, when I peer out at night,
The stars seem very, very bright.
They're surely brighter when it's cold;
And, though I never have been told,
I know those little stars all try
To shine their brightest in the sky.
To warm the world and make things bright
For cats that sing outdoors at night.

POPULAR GAMES IN LONDON

**Dabbist, Castello, Holo and Three
Tricks Have Possibilities—De-
scription of Pastimes.**

"Dabbist."
This sounds like a swear word from a man who is suffering from a severe "code die" disease, but it isn't. Dabbist is only the title of a new game, which some people say has a good chance of becoming more popular than ping-pong was, says the London Sketch.

The idea is ridiculously simple. You are provided with a sort of oblong tray, the bottom of which is formed by the table on which you play. Placed across the middle of the court thus provided is a piece of wood containing arches.

The ordinary rules of tennis are followed, but instead of going over the net you serve the ball under the center arch. In returning, the players send the ball back under any of the arches and the fun is exciting. It is a series of pushes, and one is surprised at the amount of skill which can be obtained.

Dabbist is only one of several. Perhaps the best is Castello, a game on an entirely new principle, which is becoming very popular in London, for it can be played either on a lawn or the table, specially shaped mallets are used, while ordinary croquet balls, four players having a castle and two balls. Much skill is required in the capturing of flags and castles, each game lasting about 20 minutes, and providing all sorts of excitement when the players are skillful.

More modest, but equally interesting, is holo, the players trying to drive a ball through their opponents' well-guarded goals. Holo grows quite as much to children as to grown-ups, and what seems fairly simple at first is in the end very difficult.

Stepping-stones is a game in which the players have to stop from one block to another while balancing a ball on a platter. The results are ludicrous.

WHEELED SADDLE FOR GOATS

Contrivance So Arranged That Little
Animals May Be Used to Carry
Small Person About.

Goats, unlike horses and little ponies, are not heavily enough built to allow of riding upon their backs, but goat-back riding is made possible by means of the wheeled saddle shown in the illustration. The arrangement

Saddle for Goats.

has two wheels in front and one rear wheel. The goat is hitched under the frame bearing the saddle, so that the entire weight of the rider is carried on the wheels instead of on the goat. The front wheels are attached to a bow-shaped fork, within which the goat runs. A handle-bar is provided for turning the front wheels in steering.

Could Change the Wind.

King Ericus of Sweden publicly confessed that he was a sorcerer and magician. He was the owner of an enchanted cap, which he pretended enabled him to control the spirits and change the direction of the winds at pleasure. So firmly did his subjects believe in the supernatural powers of their ruler, says the London Mail, that when a storm arose they would exclaim: "Ah, the king is again wearing his magic cap!"

Another Reason.
Then, again, perhaps the reason why women's feet are becoming larger, suggests the Philadelphia Inquirer, is because they put them down oftener and harder than formerly.

CORNER FOR THE JUNIORS

LOOKS LIKE SMALL AIRSHIP

New Aeroplane Kite Built on Same
Principle as Monoplane—Any Clever
Boy Can Make One.

A new kind of kite that any clever boy can make has been patented by an Illinois man. It resembles one of the planes used in some forms of aeroplanes and whirled up in the sky may be taken for a miniature airship.

New Aeroplane Kite.

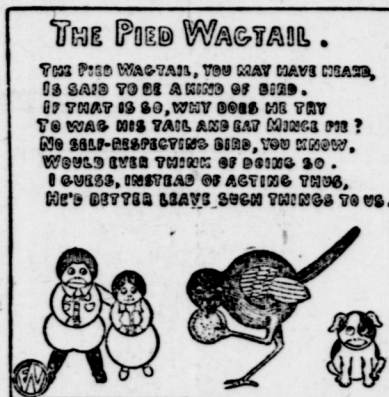

Take four sticks about three feet long each and two strips of muslin about five feet long. Fasten the muslin around the ends of the sticks so that when the whole structure is extended, as shown in the illustration, the muslin bands will form rectangular cells with an open space between them. Insert brace bands diagonally through the wedges of the cells, in the center, and fasten the ends of the braces to loops extending from the corners of the cells. Finally, tie a looped cord to two of the sticks in the lower surface of the plane, just inside one of the cells, and in the center of this loop tie the free end of the ball of twine on which the kite is to be sailed.

Photograph Now for Christmas.

The woman who owns a good camera, even though it be a small one, may begin her Christmas presents right now by taking attractive little pictures which may later on be mounted on blotters, calendars and the like and give a note of personality to her gifts. There are special photograph colors by which the black and white prints may be tinted in artistic style and without the need of any special artistic training. With a camera and these colors delightful booklets and other remembrances may be provided for during vacation days.

Knew His Papa's Strength.

Johnny had been naughty, and his mother told him that he could choose between a whipping and being shut up in the cellar.
"Who will whip me—you or papa?" queried Johnny.
"Your papa," was the reply.
"Then it's the cellar for mine," rejoined the wise youngster.

The Doll's House.

Sort of Napanese Draughts and Originated in China, Spreading to Japan—Quite Popular.

Did you ever play the game of goh? It is a sort of Napanese draughts, and an English enthusiast in Hastings, Horace F. Cheshire, is now endeavoring to arrange a match between teams chosen from the Hastings Chess club and the Japanese club in London.

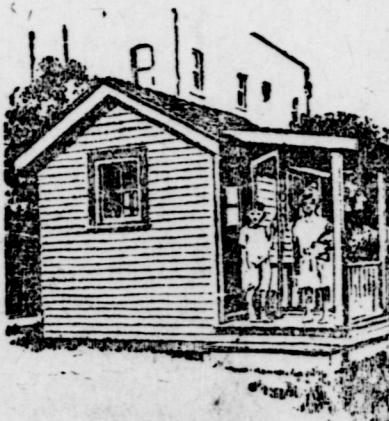

Mr. Cheshire, who is a "goh" player of 30 years' standing, says that although the game admits all the finesse and strategy of chess it is easier to learn than draughts. Goh was originally invented by the Chinese and spread to Japan in days before the Norman conquest.

The game is supposed to represent a struggle between light and darkness.

LITTLE DOLL HOUSE IS CUTE

Kansas City Youngster Has Miniature Home With All the Latest Modern Conveniences.

A doll's house in the rear of the P. S. Lorie home at 4203 Walnut street, Kansas City, is not marred by the unhappiness which characterized Hendrick Ibsen's play of the same title. Percy S. Lorie, Jr., four years old, is the only masculine person who lives there, and is far from being a practical man. He never complains

when his little sister Katherine, aged six, plays for hours at a time with her dolls.

The doll house is a miniature home in every detail, equipped with electric lights, a little stove and not too much furniture to overcrowd.

CERTAIN SIGN

Manager—Yes, Starleigh is always sneering at the low intelligence of his audiences. Wrong isn't he?
Critic—He's right. They stand for him, don't they?

Don't Dig Deep.
Experts aver that there is little or no ground for the belief that valuable metals lie very deep below the earth's surface.

Ignorance.
Ignorance of books is not the greatest ignorance. Ignorance of the ways of peace, of kindness, of justice, of charity, of usefulness and honesty, is the ignorance which works the most harm.
